

PRESS STATEMENT**‘CT-PT Box’ at Ainthapali Bus Stand Cut Fire: TPWODL**

Sambalpur, September 20, 2025: There is a 33 kV line provided to Central Region Urban Transport (CRUT) at Ainthapali Bus Stand, Sambalpur for the purpose of input power for the electric vehicle charging stations. Today, during test charging of the 33 kV electricity, the ‘CT-PT Box’ cut fire and emission of smoke started. Because it contains oily substance. Since the ‘CT-PT Box’ installed at a height, service of fire brigade was availed to set off the fire. The reasons are under investigation. However, TPWODL has started the process to replace with a new ‘CT-PT Box’ immediately, which will be installed shortly.

This is to clarify, all other electrical gazettes like- transformer, cables are intact and no damage has happened to any such gazettes installed in the premises for the above purpose.
